2025 Year-End**

Not for distribution to United States newswire services or for dissemination in the United States

TORONTO, ONTARIO (December 19, 2025) – PIMCO Canada Corp. (“PIMCO Canada”) is pleased to announce today that it has declared special reinvested distributions on the Class A Units (the “Units”) of certain PIMCO Canada closed end funds (the “Funds”). The reinvested distributions will be paid on January 14, 2026 to the holders of record at the close of business on December 31, 2025. The reinvested distributions will be reinvested in Units of the applicable Fund and the resulting Units will be immediately consolidated, so that the number of Units held by each unitholder will not change. Unitholders holding their Units outside registered plans will have taxable amounts to report and an increase in the adjusted cost base of their Units.

These amounts are for the reinvested distributions only, and do not include the ongoing monthly cash distribution amounts, which are being announced in a separate press release.

Details of the reinvested distribution amounts are as follows:

Fund Name	Ticker	Distribution Amount per Unit
PIMCO Global Income Opportunities Fund	PGI.UN	\$0.02655
PIMCO Monthly Enhanced Income Fund	PMEI.UN	\$0.20341

The Manager, PIMCO Canada, retains Pacific Investment Management Company LLC, (“PIMCO”), to provide investment management services to the Funds.

Copies of the Funds' disclosure documents may be obtained from your financial advisor.

You will usually pay brokerage fees to your dealer if you purchase or sell Units on the Toronto Stock Exchange (the "TSX"). If the Units are purchased or sold on the TSX, investors may pay more than the current net asset value when buying Units and may receive less than the current net asset value when selling them. There are ongoing fees and expenses associated with owning Units. An investment fund must prepare disclosure documents that contain key information about the fund. You can find more detailed information about the Funds in these documents. Investment funds are not guaranteed, their values change frequently and past performance may not be repeated.

Each Fund is a closed-end exchange traded investment fund. The material presented here is only to provide information and is not intended for trading purposes. Closed-end funds, unlike open-end funds, are not continuously offered. After the initial public offering, units are sold on the open market through a stock exchange. Closed-end funds may be leveraged and carry various risks depending upon the underlying assets owned by a fund. Investment policies, management fees and other matters of interest to prospective investors may be found in each closed-end funds annual and semi-annual report. For additional information, please contact your investment professional.

For a summary of the risks of an investment in each Fund, please see the Funds disclosure documents. Units of closed end funds frequently trade at a discount to their net asset value, which may increase risk of loss. Distributions are not guaranteed and are subject to change and/or elimination.
