No offering is being made by this material. Interested investors should obtain a copy of the prospectus, which is available from your Financial Advisor.

Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the prospectus before investing. Mutual funds are not guaranteed, their values change frequently and past performance may not be repeated.

All investments contain risk and can lose value. For a summary of the risks of an investment in a specific fund, please see the risks of mutual funds section of the prospectus.

Investments made by a Fund and the results achieved by a Fund are not expected to be the same as those made by any other PIMCO-advised Fund, including those with a similar name, investment objective or policies. A new or smaller Fund's performance may not represent how the Fund is expected to or may perform in the long-term. New Funds have limited operating histories for investors to evaluate and new and smaller Funds may not attract sufficient assets to achieve investment and trading efficiencies. A Fund may be forced to sell a comparatively large portion of its portfolio to meet significant shareholder redemptions for cash, or hold a comparatively large portion of its portfolio in cash due to significant share purchases for cash, in each case when the Fund otherwise would not seek to do so, which may adversely affect performance.

Funds can offer different series, which are subject to different fees and expenses (which may affect performance), having different minimum investment requirements and are entitled to different services.

The products and services provided by PIMCO Canada may only be available in certain provinces or territories of Canada and only through dealers authorized for that purpose.

PIMCO Canada has retained PIMCO LLC as sub-adviser. PIMCO Canada will remain responsible for any loss that arises out of the failure of its sub-adviser.
