## PIMCO Closed-End Funds Announce Proposed Reorganizations

New York, NY (April 29, 2021) – PIMCO, one of the world's premier fixed income investment managers, has announced that the Board of Trustees of each of PIMCO Dynamic Credit & Mortgage Income Fund ("PCI") (NYSE: PCI), PIMCO Income Opportunity Fund ("PKO") (NYSE: PKO) and PIMCO Dynamic Income Fund ("PDI") (NYSE: PDI) has approved proposals to reorganize each of PCI and PKO (each, an "Acquired Fund") into PDI, subject to the various shareholder approvals and other contingencies described below.

Each Acquired Fund's reorganization is subject to approval by PDI shareholders to issue additional common shares (the "Merger Shares") to be distributed to the Acquired Fund's shareholders. In addition, the reorganization of PKO into PDI (the "PKO Merger") is subject to approval by PKO's shareholders and contingent on the consummation of the reorganization of PCI into PDI. Shareholders of PDI and PKO will be asked to vote on the applicable proposals at a Special Meeting of Shareholders expected to take place on or about July 28, 2021 at a time and location to be stated in the proxy statement/prospectus (the "Shareholder Meeting"). A proxy statement/prospectus containing information about the meeting and the proposed reorganizations is expected to be mailed to PDI's and each Acquired Fund's common shareholders of record as of June 10, 2021. No action is needed from shareholders of PCI.

In addition to the reorganizations, the Board of Trustees of PDI has approved a conditional 0.05% (five basis points) reduction in the annual management fee rate paid by PDI to Pacific Investment Management Company LLC ("PIMCO") from 1.15% to 1.10% of PDI's average daily total managed assets effective as of the date of the closing of the reorganization of PCI into PDI. The fee reduction is, however, contingent on the consummation of the reorganization of PCI into PDI, which will require, among other conditions to be satisfied, approval by PDI shareholders of the issuance of the Merger Shares as noted above.

PIMCO has agreed to a 75% management fee waiver for PKO that would be in effect for two months starting on the first date that both the PKO Merger and the issuance of the Merger Shares have been approved by PKO and PDI shareholders, respectively.

As noted, the reorganization of PKO into PDI is contingent on PCI reorganizing into PDI. As a result, it is possible that PKO will not reorganize into PDI even if shareholders of PKO approve the reorganization.

Following the reorganizations, PDI will continue to be managed in accordance with its existing investment objectives and strategies. PDI seeks current income and capital appreciation by utilizing a dynamic asset allocation strategy among multiple sectors of the global credit markets. The proxy statement/prospectus will include a comparison of, and more information regarding, PDI's and each Acquired Fund's investment objectives and strategies and other policies.

If the reorganizations are approved, shareholders of PCI and PKO would each receive common shares of PDI (and cash in lieu of fractional shares, if any), based on the Acquired Fund's net asset value per common share in relation to PDI's net asset value per common share at the time of closing.

It is currently expected that the reorganizations will be completed approximately two to three months after (and in any event not earlier than two months after) the Shareholder Meeting (including any adjournments or postponements thereto), subject to PIMCO's market outlook and operational considerations, the shareholder approvals described above and the satisfaction of applicable regulatory requirements and customary closing conditions.

Further information regarding the proposals will be contained in a proxy statement/prospectus to be filed publicly and mailed to shareholders in the near future.
